

<p style="text-align: center;">RIGHT TO KNOW ADVISORY COMMITTEE COMPLIANCE SURVEY: MAINE'S FREEDOM OF ACCESS LAWS</p>
--

The Right to Know Advisory Committee, established by the Legislature pursuant to Public Law 2005, chapter 631, is charged with ensuring the integrity of the Freedom of Access laws and their underlying principles. Specifically, the Advisory Committee may make recommendations to the Legislature for changes in the statutes and recommendations to the Governor, the Legislature, the Judicial branch and local and regional governmental entities with regard to best practices for providing access to public records. The Advisory Committee is interested in public officials' experiences with the Freedom of Access laws, particularly any compliance issues officials experience when responding to requests for access to public records. The Advisory Committee is seeking feedback on practical problems that may affect compliance with the law and suggestions for recommendations of statutory changes and best practices. Would you please help us by answering the following questions and returning the survey to the Advisory Committee? Please contact our staff if you have questions. All survey responses will be open to public inspection; anonymous responses are welcome. Thank you!
